

3M Approved Traffic Signmaker

3M in the United Kingdom and Ireland certifies

PWS Ireland Ltd

as a 3M Approved Signmaker for

2012

This is to certify for the calendar year above that the signshop premises have been approved by 3M and that permanent traffic signs manufactured there with 3M™ Reflective Sheeting and erected in accordance with the Traffic Signs Regulations and General Directions will automatically benefit from the following performance guarantees from 3M.

Class 3A and 3B UK Prismatic Retroreflective Performance

The reflective values of 3M™ Diamond Grade™ DG³ Reflective Sheeting will be equal to or better than the minimum requirements for these classes and will retain the minimum performance levels shown overleaf for a minimum period of **12 years**.

Class R2/RA2 Prismatic Retroreflective Performance

The reflective values of 3M™ High Intensity Prismatic Reflective Sheeting will be equal to or better than the minimum requirements for this class and will retain the minimum performance of British Standard BS EN 12899-1; and will meet the three year weathered brightness requirement as shown overleaf, for a minimum period of **12 years**.

Class RA1 Retroreflective Performance

The reflective values of 3M™ Engineer Grade and Engineer Grade Prismatic will be equal to or better than the minimum requirements for this class in BS EN 12899-1 and will meet three year weathered brightness requirement as shown overleaf, for a minimum period of **7 years**.
